

AUTOMOBILE RACE
AT ST. JOHNSBURY
RESULTS FATALLY

Herbert Lampher, Chaffeur,
Instantly Killed and Dr. J.
M. Allen Fatally Injured in
Race at Fair Grounds This
Forenoon.

French Carrick Also Injured—
Automobile Became Unman-
ageable and Ran Through
Fence and Over Embankment.

St. Johnsbury, Sept. 17.—One man al-
most instantly killed and another prob-
ably fatally injured in the terrible story
of an automobile race at the Caledonia coun-
ty fair this forenoon. The dead is Her-
bert Lampher, a chaffeur, while the per-
son who is not expected to live is one of
the best known surgeons of Vermont, Dr.
John M. Allen, of this place.

A third man, French Carrick, a specta-
tor, who was sitting on the fence watching
the race, was also severely injured, losing
one eye and having the side of his face
badly smashed.

The accident was of a frightful nature,
and was witnessed by the usual crowd at
fairs, which stood aghast at the terrible
catastrophe. It is a story of losing con-
trol of an automobile, a wild dash across
the track into a fence and a leap over an
embankment to death.

It happened in a race which was post-
poned from yesterday. There were three
contestants, and as a result of the races
yesterday each one had a heat to his
credit, Dr. T. R. Stiles, C. H. Clark and
Dr. Allen.

This forenoon the deciding heat was to
have been run. The machines started all
right and had gone a considerable dis-
tance. Going down the back stretch, Dr.
Allen, who was driving his car, seemed to
lose control. Just as the automobiles got
to the turn Dr. Allen's car was seen to
shoot off across the track, and the specta-
tors a second later were horrified to see
the machine strike the fence and plunge
over the embankment.

The spectators rushed to the spot where
the automobile went over the bank. It
was lying in a heap, and under it, was Dr.
Allen still conscious but badly injured.
Some distance away lay the body of Her-
bert Lampher, the chaffeur, a mass of
bruises and broken bones. He was dead
when picked up.

The spectators made haste to remove
Dr. Allen from his position under the au-
tomobile, and he was then hurried to
Brighton Hospital which is some dis-
tance from the park. Both his legs are
broken and one arm, while at 11:30 this
forenoon physicians stated they believed
he had internal injuries so that his chances
for recovery are very slight. In addition
his face was cut and bruised and his nose
was broken.

The automobile was a wreck. The body
of the chaffeur was removed to the rooms
of a local undertaker until arrangements
are made for the funeral.

French Carrick, the spectator who was
injured, is a member of the local firm of
Carrick Bros., granite manufacturers. When
the automobile struck the fence on which
he was sitting he was thrown some dis-
tance. His injuries, while not of a fatal
nature, are quite serious.

The accident, it seems, was the result of
an intense rivalry between Dr. Allen and
Dr. Stiles for first honors. The race was
to have been for the best three out of five.
Yesterday the third heat was won by Dr.
Allen. Today, in order, as he thought, to
get an advantage over his opponent, he re-
moved the seat from his car, thus offering
less obstruction to the air and giving more
room for himself. It was possibly due to
this that he lost control of his machine.

The place where the accident happened
was about a quarter of a mile from the fin-
ish line. Those who were watching the
race saw Dr. Allen's machine wobble as it
got to the turn, the driver apparently los-
ing control. The bank over which the car
plunged is fully 15 feet high.

Herbert Lampher was assisting Dr. Al-
len, but did not have anything to do with
the steering. He leaves a wife and one
child, and was 29 years of age. He car-
ried a life insurance. Dr. Allen was not
driving his automobile, it being in charge
of his chaffeur, Mr. Follenberg.

Mrs. Allen, wife of the man fatally in-
jured, is now confined to the bed as the re-
sult of an automobile accident sustained
only recently. She lost control of the ma-

chine, and jumping out onto a pile of
rocks, received serious injuries. Her phy-
sicians say that she will not be able to be
out before December.

LARGE GRANITE CONTRACTS.

Work at Clark's Island Quarries Resumed
on a Large Scale.

Bangor, Sept. 16.—Commencing yester-
day operations were resumed at the Clark's
Island granite quarries on a very large
scale. Two contracts have been secured that
will keep a crew at work for two or three
years, and meantime, the company expects
to get other work that will indefinitely
prolong the period of activity. The prin-
cipal contract is to furnish stone for the
Norfolk, Va., dry dock, and is sub-let from
John C. Rogers & Co., of New York, who
have the contract for building the dock at
about \$1,250,000. The stone, which rep-
resents about \$600,000, will be cut at
Clark's Island and by M. C. Ryan & Co.,
at Stonington, Me.

The other contract is to furnish stone
for an extension of the postoffice in Har-
ford, Conn., and amounts to \$100,000.
Between 50 and 75 cutters will be em-
ployed at Clark's Island during the fall and
winter, and in the spring 250 to 300 men
will be added to the payroll.

MRS. WILLIAM GOODWIN.

Funeral of Highly Respected Woman Held
at Montpelier.

Montpelier, Sept. 16.—The funeral of
Mrs. William Goodwin was held here to-
day and was largely attended by relatives
and friends who came to pay their last
tribute to one who was universally re-
spected. Mrs. Goodwin was formerly
Miss Jennie Shea of Waitsfield and before
her marriage was a widely known teacher,
having served in that capacity in Waits-
field, Montpelier, Fayston and Middlesex.
As a teacher she was very successful and
popular and among those who will most
sincerely mourn her death are her former
pupils and their parents. Mrs. Goodwin's
illness was of three months' duration, and
during a portion of that time she was car-
ried for by her sister, Mrs. Pine, of Mont-
pelier.

LOW WATER AT BARTON.

Crystal Lake is Settling One Inch a
Day.

Barton, Sept. 17.—The streams in this
vicinity are becoming very low, because
of the prolonged drought. Crystal Lake is
settling at the rate of an inch a day, and
the water is getting so low in the river at
Charleston, where the villages of Barton
and Barton Landing obtain their power
for electric lights, that it is feared the
light plant will have to close.

LIPLON'S ILLNESS.

No Immediate Necessity For Operation It
Is Said.

Chicago, Sept. 16.—The physicians in
attendance upon Sir Thomas Lipton said
today that his condition was satisfactory
and he is not considered in any im-
mediate danger.

After consultation the doctors gave the
friends of Sir Thomas to understand that
the necessity of an operation while not
obviated, was not immediate.

PAYS FINE FOR
SHOOTING COON

Senator Proctor Arrested In
New Hampshire.

OFFENSE AT CORBIN PARK

New Hampshire Game Commissioners

Make No Discrimination—

Fine \$10 and Costs.

Newport, N.H., Sept. 16.—Commission-
ers C. B. Clark and Nathaniel Wentworth
arrived in town today for the purpose of
arresting United States Senator Redfield
Proctor of Vermont. The commissioners
at once proceeded to Corbin Park and there
made the "arrest" and conviction of
the Senator for shooting one racoon last
Sunday in said park.

Senator Proctor pleaded guilty and
waived all examinations, thus preventing
his being taken to Newport for a justice
hearing. He was accordingly fined the full
penalty in his case, \$10, which he paid,
together with costs of \$17.50.

Senator Proctor took the matter calmly
and did not make any complaint to the
commissioners. There is a report here-
abouts to the effect that a fish and game
warden, or detective, visited Senator Proctor
a few days ago, at his quarters in the
park, and that the Senator expressed
his willingness to pay for the fun he had
had in shooting the coon. Some even go so
far as to say that the Vermont man con-
sidered the incident closed after the war-
den's visit.

It did not escape the notice of the com-
missioners, however, and Mr. Proctor was
compelled to settle according to the meth-
ods of the law.

This vicinity is being closely watched
by the commissioners, and their action to-
day shows that not even United States
Senators can break the laws without be-
ing brought to justice.

After the matter was straightened, Sen-
ator Proctor was driven from his quarters
in the park to this village, where he took
the 5:30 o'clock train for Vermont.

The Senator is one of the directors of
the Blue Mountain Forest association but
that fact had no effect upon the proceed-
ings of the commissioners.

President Roosevelt
IN WORST OF STORM

Was Out on Long Island Sound in
Yacht When Storm Struck

Them.

New York, Sept. 16.—President Roose-
velt is resting quietly on his train tonight
after a day of strenuous and varied ex-
periences. While en route from Oyster Bay
to New York on the naval yacht Sylph, he
passed through a terrifying wind and rain
storm during which the vessel was in im-
minent danger.

The vessel left Oyster Bay in a light
rain. Less than an hour after the Sylph
had entered Long Island Sound she ran
into a terrific wind and rain storm. The
storm increased in severity rapidly and off
Fort Schuyler it developed into a hurri-
cane with a velocity of 65 miles an hour.

The Sylph pitched heavily and off Willow's
Point listed sharply to starboard. The
President and his guests had been forced
to go below and beyond a drenching none
suffered inconvenience. The storm be-
came even more severe as the vessel near-
ed Hell Gate and the crew had great diffi-
culty in remaining on deck. The baggage
of the party was swept about and every-
thing movable had to be clewed down.

In Hell Gate a tug boat having in tow a
large three masted schooner, was capsized
by the storm, a quarter of a mile from the
Sylph. A small boat from the tug put off
with the crew except two men who clung
to the bow. It appeared from the Sylph
that as the tug disappeared the two men
were taken aboard her yawl. Lieut. Pres-
ton commanding the Sylph, wished to
stand by to render such assistance as he
could, but Capt. Brainard, an experienced
pilot who was at the wheel, declared it
would be foolhardy in such a storm; that
she almost certainly would be wrecked
herself in the attempt. When President
Roosevelt learned of the capsizing of the
tug he expressed the wish that some as-
sistance might have been rendered the
crew.

Mrs. Roosevelt, Kermit, Mrs. Richard-
son and some of the guests were landed at
the Brooklyn navy yard, the place to put
them ashore at 23rd street having been
abandoned owing to the fury of the storm.

The naval tug Powhatan, in command
of Lieut.-Commander Homer Poundstone,
ran alongside the Sylph near the navy
yard. Lieut. Preston reported to the
President the absolute impracticability of
proceeding to Ellis Island in the face of
the storm.

MUTCH-KYNOCH.

Pretty Autumn Wedding of Popular Young
People.

A very pretty wedding was solemnized
at the home of George B. Milne of Spauld-
ing street at 7:30 o'clock last evening when
Miss Eliza Kynoch, daughter of Robert
Kynoch, was united in marriage to Peter
W. Mutch also of this city. Both are
well known young people and a large num-
ber of friends will unite in extending their
best wishes.

The ceremony was performed in the
parlor, the room being attractively deco-
rated with evergreen and white flowers.
The bride party stood beneath a beauti-
ful bell of ferns and white flowers. The
bride was gown in white silk mull and
wore carnations in her hair, also carrying
a bouquet of white roses and maiden hair
ferns in her hand. She was attended by
Miss Emma Phillips. The best man was
George Mutch, a brother of the groom.
About 50 of the relatives and near friends
were in attendance, and Rev. Thomas H.
McNeill was the officiating clergyman.

Following the ceremony Mr. and Mrs.
Mutch, with the friends who attended the
wedding, went to the City Hotel, where at
9 o'clock a wedding supper was served.
After the supper the remainder of the
evening was spent in a pleasant way.
There was speaking by some, other mem-
bers of the party sang, while a few who
are good story-tellers pleased the party in
that way. A thoroughly enjoyable time
was passed until the time for the depart-
ure of the happy couple on the midnight
train for Boston. Mr. and Mrs. Mutch
departed amid the congratulations of their
friends.

After a visit in Boston they will return
to this city to reside on Tremont street.
The groom is with the firm of Mutch &
Caldier, granite manufacturers. Mr. and
Mrs. Mutch are both popular young people
of Barre. They were the recipients of a
large number of beautiful presents.

SHIELDS-CANTILLON.

Employee of Jones Bros. Married to Mont-
pelier Young Lady.

Miss Mary A. Cantillon and Martin J.
Shields of Montpelier, the latter an em-
ployee at Jones Bros. stone shed in this
city, were married at the Court street
residence of Fr. W. J. O'Sullivan at Mont-
pelier yesterday forenoon at 4 o'clock. The
ceremony was to have been performed at
St. Augustine's church, but owing to an in-
jury to Fr. O'Sullivan's foot the bridal
party went to his residence.

Miss Alice M. Doyle acted as brides-
maid, and J. E. Shields, a brother of the
groom was best man. The bride has been
employed in Gleason's store for some time
while the groom is a sharpener. They left
yesterday afternoon on a wedding trip to
Rockland, Me., and on their return will
reside at No. 20 First Avenue, Montpelier.

C. C. CHENEY GORED
BY A MAD BULL

Washington Man 82 Years Old Very
Seriously Injured Sometime Yes-
terday Afternoon.

Washington, Sept. 17.—C. C. Cheney,
one of the oldest citizens of this town was
gored by a bull and very dangerously in-
jured at his farm about a mile from this
village late yesterday afternoon.

Mr. Cheney went to the barn to let the
bull out to water. The bull suddenly at-
tacked him and gored him in several places
about his neck and shoulders. The bull
was finally driven into the barn with a
pitch fork by Willie Cook who then pulled
Mr. Cheney out of the yard and closed the
gate. Mr. Cheney was carried into the
house and Dr. Warner of this village
was summoned also Dr. Chandler of
Montpelier, who found him in a very dan-
gerous condition. Mr. Cheney is 82 years
of age and the hopes of his recovery
are very slight.

TRESPASS AND ASSAULT.

Charges Made by D. V. Griffin of Rutland,
In Seasonal Suit.

Rutland, Sept. 16.—The trial of the
case of great interest in this city was be-
gun in Rutland county court this morning,
being that of D. N. Griffin vs. Louis Mar-
tel and Joseph C. Jones. The suit is
brought for trespass and assault.

The circumstances connected with it
are amusing. Last spring several persons
wanted the Star pharmacy, on Center
street, as a location for a saloon but Grif-
fin who had possession refused to get out.
Martel, the owner, with Jones, his attor-
ney, went to the store, broke in and threw
Griffin out bodily. The affair created a
great sensation.

The negligence case of John Herbert,
of Hydeville, vs. Minogue Bros. and Quinn,
of Castleton, came to a close at noon to-
day when a verdict of \$1,000 damages for
the plaintiff was brought in by the jury.
Herbert sued for injuries received while
working in the defendant's slate quarries.

THE BROOKFIELD AFFAIR.

Selectmen in City Today to Receive Re-
port on C. H. Bigelow's Books.

The selectmen of Brookfield were in
Barre today to receive the report of James
W. Hall, who has been making an exam-
ination of Town Treasurer C. H. Bige-
low's books of that town. The selectmen
would not discuss the affair nor state
what were the findings in Mr. Hall's re-
port. It is understood Mr. Hall recom-
mended that Mr. Bigelow be requested to
have an expert go over the accounts be-
fore Mr. Hall's report is made public.

MISPLACED CONFIDENCE.

Woman Thought Northfield a Delightful
Prohibition Town.

Montpelier, Sept. 16.—A Montpelier
woman returned recently from Northfield
where she spent her vacation. She is an
ardent temperance advocate. In com-
menting on the condition there she said she
was glad to have been in such a good pro-
hibition town as Northfield, and confided
to some of her friends that conditions were
so noticeable for the good that she did not
even see a drunken person during her
stay. This speaks well for Northfield with
its licenses.

Band Concert.

The Montpelier Military band will give
a concert in Barre tomorrow evening from
the band stand in the square. The pro-
gramme will be as follows:

March, Salute to Mrs. Hughes
Overture, Raymond, Thomas
Love's Old Sweet Song (for cornet) Malloy
The Reuben and the Mink. Evans

A Good Suggestion.

It is somewhat early for our good democ-
ratic friends to talk candidates for the
governorship, inasmuch as it has come to
be the custom of the party in this state to
wait until the republicans have placed a
ticket in the field, before taking definite
action. We notice that the suggestion by
the Barre Times of the nomination of C.
W. Melcher, a former mayor of the Gran-
ite City, as the democratic candidate for
the position of governor of Vermont, is
well received in certain directions. It is
held that while the democrats of Vermont
can not hope to elect their ticket, it would
be a wise move on their part to put in the
field a candidate for whom the party would
be in earnest and draw out the full vote.—

DEATH OF LEON P. PARKER.

Well Known Young Man Died Yesterday

Afternoon.

Leon P. Parker, son of Mr. and Mrs.
Wallace G. Parker of Washington street,
died yesterday afternoon at 4:15 o'clock,
after an illness of seven months. The de-
ceased was born in Barre twenty years
ago, and was a young man of much prom-<
